

Mission

Theater Artists Olympia is a collective of local artists committed to producing high quality theater. TAO's focus is on producing materials that are thematically more provocative, and interpretations of classics more experimental than generally found in the Olympia area. Our mission is to present creative theatrical pieces that are under-represented in the community.

Volunteering

TAO depends on community contributions and the active efforts of volunteers. Let us know how you'd like to support your community theater.

For productions and events, there are vital jobs behind-the-scenes as well as onstage which are necessary for a fantastic theater experience. Some volunteers help with a single performance, while others help keep us running throughout the year. Time commitments can range depending on the task at hand from a few hours a month on up.

Please share your passion! Check next to the areas you have interest in so we can contact you about upcoming opportunities.
